Notes: 1. Shaded enrolments are estimated since the actual enrolments are either unknown or obviously incorrectly submitted to the Department of Education.
 2. Natal Technikon and the ML Sultan Technikon have merged in 2003 to become the Durban Institute of Technology (DIT). The Institute's numbers are divided evenly between the NA's and the HD's in 2003.
 3. For the definition of the weighted FTE enrolled students see Section 1.7.6.
