

## DEPARTMENT OF HIGHER EDUCATION AND TRAINING

# REGISTER OF PRIVATE HIGHER EDUCATION INSTITUTIONS

LAST UPDATE 5 JANUARY 2011

This register of private higher education institutions is published in accordance with section 54(2)(a)(i) of the *Higher Education Act, 1997 (Act No. 101 of 1997)*. In terms of section 56(1)(a), any member of the public has the right to inspect the register.

### ***IMPORTANT NOTE FOR THE MEDIA***

*The Department of Education recognises that the information contained in the register is of public interest and that the media may wish to publish it. In order to avoid misrepresentation in the public domain, the Department of Education kindly requests that all published lists of registered institutions are accompanied by the relevant explanatory information, and include the registered qualifications of each institution.*

The register is available for inspection at:

<http://www.education.gov.za> and look under **DoE Branches/Higher Education/Private Higher Education Institutions/Directorate Documents/Register of Private Higher Education Institutions**

### **INTRODUCTION**

The *Register of Private Higher Education Institutions* (hereafter referred to as the Register) provides the public with information on the registration status of private higher education institutions. Section 54(2)(a)(i) of the Act requires that the Registrar of Private Higher Education Institutions (hereafter referred to as the Registrar) enters the name of the institution in the Register, once an institution is registered. Section 56(1)(b) grants the public the right to view the auditor's report as issued to the

Registrar in terms of section 57(2)(b) of the Act. Copies of registration certificates must be kept as part of the Register, in accordance with Regulation 20.

The information featured in the Register includes the registration status of institutions, their contact details, the certificate of registration and the auditor's report. This information is updated as necessary.

In order to appreciate the meaning and significance of the information appearing against the name of an institution, the reader must have some knowledge of the National Qualifications Framework and the regulatory framework for private higher education institutions.

## **THE NATIONAL QUALIFICATIONS FRAMEWORK**

The National Qualifications Framework (NQF) recognizes three bands of education and training, namely General Education and Training (GET), Further Education and Training (FET) and Higher Education and Training (HET). The differences between the bands are explained below:

### General Education and Training

*General Education and Training* refers to education and training provided at primary and secondary school level, from grade R to 9. It also includes Adult Basic Education and Training. The registration of private or independent institutions offering general education and training is the competence of the provincial education departments. The registration of these institutions is in terms of the *South African Schools Act, 1996 (Act No. 84 of 1996)*.

### Further Education and Training

*Further Education and Training* refers to education and training provided from Grades 10 to 12, including career-oriented education and training offered in technical colleges, community colleges and private colleges. Private institutions offering further education and training programmes must register with the Department of Education in accordance with the *Further Education and Training Colleges Act, 2006 (Act No 16 of 2006)*.

### Higher Education and Training

*Higher Education and Training* is also referred to as tertiary education. The higher education band provides the highest level of education. Entry into higher education is through a Grade 12 pass or Grade 12 pass with exemption. Private institutions offering higher education must register with the Department of Education in accordance with the *Higher Education Act, 1997 (Act No 101 of 1997)*.

The table below presents a representation of the three bands of education and training

SCHOOL GRADES	NQF LEVEL	BAND	TYPES OF QUALIFICATIONS
	5-10	HIGHER EDUCATION AND TRAINING	Doctor's degree (e.g. PhD or Dphil) Honours Degree Master's Degree Postgraduate Diploma  General first degree Professional first degree Postgraduate Bachelor's Degree  Higher Certificate First Diploma
12 11 10	2-4	FURTHER EDUCATION AND TRAINING	Certificates
9 8 7 6 5 4 3 2 1 R	1	GENERAL EDUCATION AND TRAINING	Grade 9 / ABET level 4

**THE REGULATORY FRAMEWORK FOR PRIVATE HIGHER EDUCATION INSTITUTIONS**

The Department of Education implements its registration and regulation functions for private higher education institutions in accordance with the requirements of the:

- 1) *Higher Education Act, 1997 (Act No. 101 of 1997)* (hereafter referred to as the Act).

2) *Regulations for the Registration of Private Higher Education Institutions, published in Government Gazette No.24143 dated 13 December 2002* (hereafter referred to as the Regulations). The Regulations were promulgated on 13 December 2002, and came into effect on 1 April 2003. The Regulations are an elaboration of the provisions of the Act. They clarify the requirements of the Act.

The requirement to register as a private higher education institution only applies to private institutions offering learning programmes that result in the award of whole qualifications at Levels 5 to 8 of the NQF, that is, learning programmes that result in the award of certificates, diplomas or degrees at higher education level.

The granting of registration, as contemplated in the Act, means that the Registrar grants an institution the legal authority to offer higher education programmes and award higher education qualifications. The purpose of registering private institutions offering higher education is to ensure that:

- ☞ private higher education institutions offer an acceptable quality of education.
- ☞ students receive higher education from institutions that have the resources, capacity and/or expertise to deliver quality programmes.
- ☞ students enrolled with private higher education institutions obtain qualifications that are aligned with the NQF.
- ☞ the education system continues on a path of transformation in accordance with government policy and regulation.

The registration process does not affect public higher education institutions. The regulatory framework sets criteria that define who is eligible for applying for registration and who qualifies for registration. It further outlines the responsibilities of an institution once registered.

### 1) **Eligibility criteria**

An institution is eligible for applying for registration as a private higher education institution if it is registered as a company in accordance with the *Companies Act, 1973 (Act No. 61 of 1973)* and proposes to provide higher education as contemplated in Chapter 1 of the Act. In terms of the Act, ‘providing higher education’ means executing all of the following functions in the name of the institution concerned:

- ☞ Registering students for whole qualifications at higher education level.
- ☞ Taking responsibility for the provision and delivery of curricula.

- ☞ Conducting the assessment of students regarding their learning programmes.
- ☞ Awarding qualifications for the learning programmes on offer.

## 2) The requirements for registration

The requirements for registration are the criteria that an institution must meet in order to qualify for registration. These requirements are stipulated in section 53 of the Act and Chapter 3 of the Regulations.

### Fulfilling the requirements for quality assurance

On evaluating an application for registration as a private higher education institution, the registrar must have reason to believe that the applicant will comply with the quality assurance requirements of the *Higher Education Quality Committee (HEQC)* of the *Council on Higher Education (CHE)*. The CHE is a statutory body responsible for promoting and overseeing quality assurance in higher education. The institutional and programme quality assurance assessment conducted by the HEQC is commonly referred to as accreditation evaluation, and includes an evaluation of:

- ☞ whether an applicant institution has the capacity to provide programmes at the higher education level.
- ☞ whether the programmes an applicant proposes to offer are indeed higher education.
- ☞ compliance with South African professional practice.

### Financial sustainability

The application must provide evidence that the institution is financially sustainable. Financial sustainability refers to an institution's ability to financially sustain its programme offerings, maintain operational continuity and meet its financial obligations to students. A further requirement is that an applicant must submit proof that it has established financial surety or guarantees.

### Compliance with health and safety regulations

An applicant must provide evidence that it complies with regulations relating to the health and safety of persons on all its sites of delivery.

## 3) Outcome of an application for registration

The evaluation of an application for registration as a private higher education institution has three possible outcomes:

*i) Registration*

In the case of an applicant that has **fulfilled all the requirements for registration**, the registrar grants registration in terms of section 54(1)(c) of the Act. In terms of section 60 of the Act, the registrar has the right to attach conditions to the registration.

*ii) Provisional registration*

The registrar grants provisional registration if an applicant has not fulfilled all the requirements for registration. The registrar must, however, have reason to believe that the applicant will fulfil the requirements within a reasonable period. Provisional registration is granted in terms of section 54(3) of the Act. In terms of section 60 of the Act, the registrar has the right to attach conditions to provisional registration.

*iii) Declining application for registration*

The registrar may decide to decline the application for registration as a private higher institution, in accordance with section 54 (2)(b) of the Act. Reasons for declining an application can include the following:

- ☞ Failure to meet the eligibility criteria.
- ☞ Failure to meet quality assurance requirements and maintain acceptable standards.
- ☞ Failure to meet the financial viability requirement.
- ☞ Failure to comply with health and safety regulations.
- ☞ Failure to satisfy the registrar that the registration of the applicant will be in the interests of the higher education system and the general public.

#### **4) The responsibility of a registered institution**

The responsibilities of a registered institution are stipulated in Chapter 6 of the Regulations. A summary of these responsibilities is provided below.

- i) Maintaining registration through continuing to comply with the requirements of the Act and the conditions of registration.
- ii) Reporting any changes in information submitted to the registrar.
- iii) Reporting loss of any physical facility, supporting service that may have consequences for the provision of programmes.
- iv) Displaying the registration certificate conspicuously on the premises.

- v) Publishing at least once a year a prospectus, calendar or brochure. Amongst other things, the prospectus must feature information on the managers of the institution, its academic staff, admission requirements and procedures, rules relating to assessment and academic credit accumulation and progression, fees and charges, student support services and student financial aid.
- vi) Keeping a comprehensive record of the academic achievement of each student enrolled.
- vii) Making available transcripts of academic records and certificates on request.
- viii) Ensuring accurate advertising and making no false, fraudulent or misleading statements.
- ix) Submitting to the registrar an annual report on or before 30 April of each year.
- x) On cancellation of registration, informing students, issuing students with copies of records of academic achievements, reimburse students and make arrangements for them to complete their studies at comparable public or private institutions.

## **5) Cancellation of registration**

In terms of section 62 of the Act, the registrar has the right to cancel the registration of an institution. Regulation 19(1) and (2) determines that the registrar must cancel the registration or provisional registration of an institution if :

- i) the institution ceases to provide higher education as defined in the Act, meet eligibility criteria, fulfil the requirements for registration, comply with conditions of registration or operate all its registered programmes.
- ii) the institution provides fraudulent, false or misleading information to the registrar or to the public.
- iii) the institution is liquidated.
- iv) the owner or directors are convicted of an offence in terms of section 66 of the Act.

If the registrar decides to cancel the registration or provisional registration of a private higher education institution, section 63 of the Act and regulation 19(3) prescribe that the registrar observe the following procedures:

- ☞ Communicate to the institution his intention cancel its registration and state the reasons.
- ☞ Publish the intention to cancel by notice.
- ☞ Grant the institution and any other interested persons an opportunity to make representations in relation to the expressed intention to cancel.
- ☞ Consider the representations made by the private higher education institution and other interested persons.
- ☞ Publish the final determination, with reasons.

**6) Lapsing of Provisional Registration**

If a provisionally registered institution fails to comply with the requirements of registration within the period determined by the Registrar in terms of section 54(4)(a) of the Act, that institution's provisional registration will lapse in terms of section 54(6)(b) of the Act.

## REGISTRATION STATUS REPORT

### 1. REGISTERED INSTITUTIONS

Listed in this category are private higher education institutions that are granted registration in terms of section 54(1)(c) of the Act. They have fulfilled the requirements for registration.

## 2. INSTITUTIONS ISSUED WITH AN INTENT TO CANCEL OR CANCELLATION NOTIFICATION BY THE REGISTRAR

Some of the institutions listed above have been issued with notification of the Registrar's intention to cancel or cancellation of their registration pending the outcome of the consideration of their representation or appeal against his decision. These institutions remain registered private higher

education institutions until they are informed by the Department of Education of the outcome of the consideration of their representation or appeal.

### 3. PROVISIONALLY REGISTERED INSTITUTIONS

Listed below are institutions that are granted provisional registration in terms of section 54(3) of the Act. They have not fulfilled all the requirements for registration as private higher education institutions. The registrar, however, believes that they will be able to fulfil the requirements within the period stipulated.
