

QUARTERLY REPORT TO THE DEPARTMENT OF HIGHER EDUCATION AND TRAINING (DHET)

1 APRIL - 30 JUNE 2015

1 Quintin Brand Street, Persequor Technopark, Pretoria P O Box 94, Persequor Park, Pretoria, 0020

Tel: +27 12 349-3861 Fax: +27 12 349-3942, e-mail: ceo@che.ac.za

1. INTRODUCTION

The CHE operates as a national entity under Schedule 3A of the Public Finance Management Act (PFMA) 1 of 1999, as amended. It adheres to principles of good governance, financial and performance management and is held accountable for these to the Parliament of the Republic of South Africa. The CHE was established as a juristic person in terms of section 4 of the Higher Education Act (101 of 1997). In summary, the main areas of work of the CHE are:

- To provide advice to the Minister of Higher Education and Training on all higher education matters at his request and proactively.
- To monitor the state of the higher education system in relation to the goals of national policies and international trends.
- To contribute to the development of higher education through intellectual engagement with key issues through research, publications and conferences and in partnership with relevant stakeholders.
- To develop and implement a system of quality assurance for all higher education institutions, including private providers of higher education, which focuses on programme accreditation, institutional audits, national reviews, and capacity development and quality promotion.
- To develop and manage the Higher Education Qualifications Sub-Framework (HEQSF) and to develop and set standards, including naming conventions for all higher education qualifications.

2. CEO'S OFFICE AND ORGANISATIONAL MATTERS

2.1 Programme and Strategic Matters

2.1.1 Advising the Minister of Higher Education and Training

Formal advice on the draft Social Inclusion Policy Framework was prepared and submitted to the Minister of Higher Education and Training. This was in response to the request for the advice which was received from the Office of the Minister at the end of April 2015. In essence, the advice was that the draft policy framework was not yet ready for finalisation and gazetting; and that it required fundamental re-drafting preceded by extensive stakeholder consultations.

2.1.2 Updating the list of individuals suitable for ministerial appointment to university councils

A request was received from the Institutional Support and Sector Liaison Directorate at the Department of Higher Education and Training for assistance with updating the Department's list of individuals who are suitable for ministerial appointment to serve on university councils. The necessary background research was conducted and the list was updated by removing from it names of those individuals who are either retired or deceased; and adding some who were previously not on the list but who have the requisite public profile, skills and competencies.

2.1.3 CHE electronic newsletter

The inaugural issue of the CHE electronic newsletter was compiled and distributed to stakeholders in June 2015 as part of the implementation of the new CHE communication strategy. The newsletter is expected to serve as a platform for the CHE to communicate to stakeholders about its on-going activities and new developments. Higher education institutions and other stakeholders can also contribute articles on their quality-related initiatives; and the inaugural issue had three such articles from universities. Positive feedback on the newsletter has been received from the sector.

2.1.4 Roles of the HEQC and Statutory Professional Councils in Accreditation

Some progress was made in drafting the following documents as requested by the working group on the relationship between the HEQC and professional councils at its meeting in March 2015:

- A framework clarifying the roles of the HEQC and the professional councils in accreditation; and principles governing collaborative functioning of both sides;
- A suitable funding model for the accreditation work carried out by professional councils; and
- An analysis of the legislative frameworks that govern professional councils in relation to the Higher Education Act 101 of 1997, as amended.

Complete drafts of the above documents will be discussed at the next meeting of the working group in September 2015.

2.1.5 Quality management of short courses

As reported previously, a study commissioned by the CHE in 2014 recommended the development of guidelines on the quality management of short courses for the higher education sector. The first draft of the guideline document was released for internal discussion and comments within the CHE at the end of May 2015. The inputs received have been processed and incorporated in a second draft that is currently under internal review.

A reference group comprising five experts in the field, from different universities, was set up to provide external peer review of the draft. The inputs of the reference group members will be consolidated at a meeting scheduled to take place in August 2015.

2.1.6 Recognition of Prior Learning (RPL), Credit Accumulation and Transfer (CAT), and Assessment

The CHE's draft policy on RPL, CAT and Assessment was released to public and private higher education institutions for comment in June 2015 after obtaining approval from the Executive Committee of Council. The approval was ratified by full Council at its meeting on 26 June 2015. Institutions were given three months (until mid-August) to send in their comments. The comments will inform further necessary improvements to be effected to the draft policy before finalisation.

2.1.7 NQF-related Activities

Comments on the following draft documents gazetted by the South African Qualifications Authority (SAQA), were compiled and submitted:

- Guidelines for good practice for learning that does not lead to a qualification or part qualification (Government Gazette Vol. 589, No. 38672); and
- Policy and criteria for evaluating foreign qualifications within the South African NQF (Government Gazette Vol. 597, No. 38610).

The CHE nominated a representative to serve on two task teams: to develop a policy on dealing with misrepresentation of qualifications; and to revise the joint communiqué on interim guidelines for the registration and accreditation of private providers offering qualifications and part-qualifications in the trades and occupational sector. The CHE representatives continued to work as part of the collective in both task teams which are coordinated by SAQA.

2.2 Governance and Management Issues

2.2.1 Strategic Plan 2015-2020 - Annual Performance Plan 2015/16 - MTEF Budget 2015/16-2017/18

The Strategic Plan 2015-2020, Annual Performance Plan 2015/16 and the MTEF Budget 2015/16-2017/18 were presented to the parliamentary Portfolio Committee on Higher Education on 15 April 2015 and to the education portfolio committee of the National Council of Provinces (NCOP) on 3 June 2015.

2.2.2 Meetings

Seven governance meetings were held during this quarter

24 April and 24 June, Council

24 April and 15 June EXCO

26 May Audit and Risk Committee

10 June Higher Education Quality Committee and

25 June Council workshop.

The Chair of Council and Chief Executive Officer attended the parliamentary budget vote for higher education on 13 May 2015.

3. MONITORING AND EVALUATION

3.1 Research Projects

3.1.1 Higher Education Performance Indicators

VitalStats 2013 is currently with the publisher/ printer and is almost ready for printing.

3.1.2 Governance Challenges in Public Higher Education

The research on governance and management challenges in higher education, which focuses on the size, composition and role of university Councils, including comparative international experience on codes of conduct for Councils, was discussed with Council in November and Council members have since commented on the document. The document is being revised before it will be released as a discussion document.

3.1.3 Student Governance at Public Higher Education Institutions

The project is progressing and a background discussion paper is being developed.

3.1.4 Review of the State of Higher Education: 1994-2014

Draft chapters of seven of the eight chapters of the twenty-year review of higher education were circulated to Council members and their comments will feed into the next edit of these chapters. These drafts have also been returned to task teams for their final input into the edited chapters, before these are finalised. Work is progressing on the eighth chapter (academic staffing).

3.1.5 Reflections on Academic Leadership

The entire book is going through a final edit before it can be sent to the publisher.

3.1.6 Admissions and Placement Mechanisms in Higher Education Institutions

The CHE will review whether further research is required based on the Minister's response to its advice on the Task Team's proposal for undergraduate curriculum reform which the CHE received this quarter.

3.1.7 The role of information communication technology (ICT) in higher education

The Monitoring and Evaluation Directorate held a national Colloquium on ICTs in higher education in October 2014. The purpose was to explore the policy implications of the increasing use of ICTs. It was decided that further work in this area was needed and the Monitoring and Evaluation Directorate undertook to develop a project in this area in its next set of projects. This project is still in the conceptualisation phase.

3.2 HEQCIS: Data Collection

Full data loads to HEQCIS

Of the 151 institutions that had started using the system, 127 institutions¹ (i.e. 100% of all unique PHEIs) had submitted at least one full data load each. The 127 institutions included 124 PHEIs that had successfully loaded onto the HEQCIS for the second time or more, by 25 June 2015. The total numbers loaded onto the HEQCIS, thus far, were 324 607 learners with 343 518 qualification uptake results (84 543 achievements and 235 119 enrolments) between them (a further 23 856 were shown as de-enrolled), an increase of 39 880 learners loaded during the first cycle² of 2015 (the "last cycle").

Most recent data-load cycle:

The pool for the current cycle (which came to an end on 15 June 2015) is made up of 114 unique PHEIs. Of the 114 registered institutions using the system, 89 institutions (i.e. 78% of all unique PHEIs, which is 1% higher than last year at the same time) have successfully submitted at least one full data load each within the current cycle. The total numbers³ loaded during the current cycle are 233 818 learners with 258 237 qualification uptake results (71 548 achievements and 169 600 enrolments) between them (a further 17 089 were shown as de-enrolled).

The overall total number of learners increased by 39 459 since the previous quarter, and the total number of qualification uptake results increased by 36 062 (8 969 achievements, 26 115 enrolments and 978 de-enrolments).

Data Loads to the NLRD

The HEQCIS dataset for the cycle that ended on 15 June 2015⁴ will be loaded onto the NLRD during the NLRD's July/August 2015 data load.

3.2.2 Private Higher Education Management Information System

The database structure continues to work well.

The pilot of the loading of data into the additional sections of the database that were requested via the Private Higher Education Institutions (PHEIs) Working Group (chaired by the CEO of the CHE), namely staff member information and student FTEs, has continued. Once the pilot phase is completed, the loading of data into the new sections of the database will become compulsory for all PHEIs.

The "Health and Functioning" rating codes are now in use rather than "Disability" codes.

First Quarterly Report: 1 April - 30 June 2015

¹ These include four institutions that were de-registered after their first loads.

² The first cycle of 2015 (last cycle) was 16 December 2014 to 15 June 2015. The second cycle (current) is 16 June to 15 December 2015.

³ Every time an institution loads any data to the HEQCIS, it submits its entire dataset. At the same time, not all institutions submit data in every cycle (although the minimum standard says that they must).

⁴ The last date for loading was 15 June 2015.

The read-only connection to the database, set up by the service provider Praxis for HEQCIS staff plus some CHE staff and the NLRD Director, continues to work well.

4. QUALITY ASSURANCE AND QUALITY PROMOTION

4.1 Forums and Workshops

4.1.1 Quality Assurance Fora

As part of the preparations for the next QA fora scheduled for September 2015, a questionnaire was administered to the quality assurance and promotion personnel in public and private institutions to acquire information on the preferred format, themes and discussion topics of interest. The survey findings will inform the format and other features of the next fora because it is important that the fora address issues of interest to the target audience.

4.1.2 Accreditation Workshops

Four workshops were held:

- 01 April 2015 HPCSA Evaluator Training;
- 09 April 2015 Evaluator Training at the Durban University of Technology:
- 21 April 2015 SACLAP Workshop, and
- 23 June 2015 a Theology Panel Report Workshop During the reporting timeframe various site visits were undertaken at private theological institutions. This workshop with the site visit chairs discussed the specific problems that emerged during the site visits and made recommendations that will be tabled at the next HEQC meeting in September.

4.2 CHE-HELTASA National Excellence in Teaching Awards

The deadline for the submission of applications for the CHE/HELTASA Excellence in Teaching Awards for 2015 was extended from 30 June to 12 July 2015 to allow more time for interested academics to prepare and submit their portfolios. The selection committee will meet on 12 August 2015 at the CHE.

4.3 Programme Accreditation

The HEQC met on 10 June 2015 and made decisions on 69 programmes following recommendations by the Accreditation Committee at its meeting of 15 and 16 April 2015. The decisions made were as follows:

Application for programme accreditation	40
Deferred applications	16
Representation	13

4.3.1. Applications Received

Of the 198 new submissions received via the HEQC-online system during this financial quarter, 117 were from public higher education institutions and 81 from private higher education institutions.⁵

The new applications received in terms of the NQF level and CESM category respectively are indicated in Tables 1 and 2 below.

⁵ 'New applications' with regard to Private Higher Education Institutions refers to all new applications for accreditation submitted during the indicated reporting period, and for which payment has been received.

Table 1: New Applications received per NQF level

NQF Level	Number of Applications: Private Providers	Number of Applications: Public Providers
Levei 5	20	11
Level 6	28	16
Level 7	17	34
Level 8	8	38
Level 9	6	16
Level 10	2	2
TOTAL	81	117

Table 2: New Applications Received per CESM category

CESM Category	Number of Applications: Private Providers	Number of Applications: Public Providers
Agriculture, Agricultural Operations and Related Sciences	1	5
Architecture and the Built Environment	0	5
Visual and Performing Arts	6	8
Business, Economics and Management Studies	15	19
Communication, Journalism and Related Studies	1	1
Computer Science and Information Sciences	1	3
Education	9	20
Engineering	3	14
Health Professions and Related Clinical Sciences	30	19
Family Ecology and Consumer Sciences	2	3
Languages, Linguistics and Literature	0	1
Law	1	2
Life Sciences	4	5
Physical Sciences	0	3
Mathematics and Statistics		
Military Sciences		
Philosophy, Religion and Theology	5	2
Psychology	1	0
Public Management and Services	1	4
Social Sciences	11	3
TOTAL	81	117

4.3.2 Re-accreditation

No programmes for reaccreditation were tabled in this quarter.

4.3.3 HEQSF alignment process

The Accreditation Directorate received information pertaining a total of 428 applications for alignment with the HEQSF of Category B programmes that had been deferred or for which institutions submitted representations. These applications were processed, and a total of 261 were tabled at the 10 June 2015 HEQC meeting. The outcomes of this meeting have been communicated to the institutions and relevant stakeholders.

4.3.4 Summary of HEQC decisions

The accreditation decisions by the HEQC are generally made on programmes submitted in a previous quarter as the entire accreditation process generally takes up to six months to complete. Therefore, performance targets per quarter indicate the percentage of programme accreditation applications that receive an HEQC outcome within a six-month period of processing by the Accreditation Directorate.

In addition to the 68 applications for accreditation of programmes that the Directorate completed processing in this quarter, the HEQC also considered 9 submissions for new / relocated sites of delivery and 2 site visit reports relating to existing sites of delivery. A summary of the decisions by the HEQC is contained in Table 3 below:

Table 3: Summary of HEQC decisions

Total number of programmes for accreditation ⁶	69
Programmes accredited	20
Programmes accredited (with conditions)	22
Programmes not accredited	27
Decisions deferred	0
New / relocated site of delivery ⁷	9
Total number of sites of delivery visited ⁸	2
Total number of programmes for re-accreditation	0
Programmes re-accredited	0
Programmes re-accredited with conditions	0
Programmes not re-accredited	0
Programmes accreditation extended	0
Total number of programmes HEQSF- aligned	1 334
Category C programmes for teach-out	3 740

4.4 National Standards and Reviews

4.4.1 National Review: Bachelor of Social Work (BSW)

The HEQC requested the institutions whose BSW programmes were accredited with long-term conditions, and those on notice of withdrawal of accreditation, to submit Improvement Plans (IPs) by 31 March 2015.

Fourteen institutions submitted their IPs; these were evaluated by the National Reviews Committee (NRC) at its meeting of 27 May 2015. The HEQC approved all the NRC recommendations at its meeting of 10 June 2015. Three of the institutions whose programmes were put on notice of withdrawal of accreditation in 2014, have had their accreditation status changed to 'not accredited' as their IPs were found to be inadequate to address the critical conditions set out in the HEQC's review reports. These institutions have been requested to submit teach-out plans for their pipeline

⁶ Total number of programmes for accreditation refers to all applications for accreditation including new applications for accreditation, deferrals, and representations. Outcomes for these programmes include accredited, accredited with conditions, not accredited and deferred decision.

⁷ This figure refers to all individual applications for new or relocated sites of delivery. This figure is not included in the total number of programmes for accreditation.

⁸ This figure refers to the number of sites visited for reasons including new applications for accreditation, conditions met, representations, deferrals, re-accreditation and complaints. This figure is not included in the total number of programmes for accreditation.

students, and were also advised not to admit new students into their current BSW programmes in the 2016 academic year. Furthermore, they were advised to design new BSW programmes and to submit them to the CHE for accreditation if they wished to continue offering Social Work programmes. In addition, the Universities of Venda, Zululand, North-West and Free State have been asked to submit revised IPs by 10 August 2015 as their first IPs were to be found to be incomplete. In these cases, the IPs failed to specify timeframes, targets, the resources to be allocated for the proposed interventions, and evidence to support the assertions made in their submissions.

Since the release of the HEQC's decisions on the accreditation of the BSW in December 2014 following the national review, the higher education institutions whose programmes were granted conditional accreditation and those that were put on notice of withdrawal of accreditation have been providing improvement plans in order to meet the conditions stipulated in their respective review reports. Taking into account the improvement plans and the progress reports, the HEQC revised some of its initial accreditation decisions at its June 2015 meeting. This has increased the number of fully accredited BSW programmes from three to seven. The revised accreditation decisions of the HEQC were for the BSW programmes of the following institutions:

Institution	Initial Accreditation Decision	Revised Accreditation
	(December 2014)	Decision (June 2015)
University of Pretoria	Accreditation with Conditions	Full Accreditation
University of Western Cape	Accreditation with Conditions	Full Accreditation
Stellenbosch University	Accreditation with Conditions	Full Accreditation
University of the Witwatersrand	Accreditation with Conditions	Full Accreditation
Nelson Mandela Metropolitan University	Notice of Withdrawal of Accreditation	Accreditation with Conditions
University of South Africa	Notice of Withdrawal of Accreditation	De-Accreditation
University of Limpopo	Notice of Withdrawal of Accreditation	De-Accreditation
Walter Sisulu University	Notice of Withdrawal of Accreditation	De-Accreditation

4.4.2 National Report:

The State of the Provision of the Bachelor of Social Work in South Africa

The second draft of the "The State of the Provision of the Bachelor of Social Work in South Africa" report has been submitted to the CHE for comment. The draft report was tabled at the NRC meeting of 27 May 2015 for discussion. The NRC identified major gaps and flaws in the report which required addressing before it can be published. The NRC felt that it was crucial for a report of this stature to address key issues and challenges related to national policy imperatives, as well as report on the accreditation outcomes. The Directorate was advised to identify a team of social work experts who understood the broader South African social work context to assist the report writer to crystallize the substantive issues and trends.

4.4.3 National Review of Bachelor of Laws (LLB) Degree

The LLB national review commenced in April 2015, and all the Vice-Chancellors and Law Deans of participating institutions have been formally informed in this regard. Preparatory work has also started; the Reference Group comprising academic experts from legal education has been constituted

A workshop for the Law Deans was held on 23 April 2015 and LLB Reference Group workshops were held on 21 May and 18 June 2015. The revised Framework for National Reviews was approved by the CHE Council on 25 June 2015. A draft manual, a proposal and accreditation criteria for the LLB review are being drafted for wider consultation with all participating institutions for approval by the HEQC in September. Members of the Directorate attended a meeting of the South African Law Deans Association (SALDA) held on 18 May 2015. The purpose of the meeting was to brief the SALDA on the LLB national review and to outline the scope of the review and the proposed timelines.

4.4.4 Standards Development

The draft qualification standards for the BSW and LLB were circulated to higher education institutions in April 2015 for comment. The comments received have since been incorporated; the documents now await approval by the HEQC and the CHE Council.

The Accreditation Committee requested a qualification standard to be developed for a Bachelor of Commerce degree that has been the subject of much debate recently. This is indicative of a close relationship between standards and programme accreditation, and it is anticipated that further requests of this nature will come from Accreditation.

The African Sports Confederation and Olympic Committee (SASCOC) and South African Higher Education Platform in Sport Coaching (SAHEPSC are exploring the possibility of developing higher education programmes in sports coaching, and are working with the CHE to develop qualification standards for these programmes. The Director attended meetings at SASCOC on 17and 20 April and 23 June 2015 in this regard.

It was envisaged that on completion of the pilot qualification standards at the end of 2014/15, the *Framework for Qualification Standards in Higher Education* (FQSHE) would be revisited and revised if necessary. The pilot phase has shown the need for only minor amendments of the FQSHE. The pilot has also shown that the engagement between the CHE and the relevant academic community in developing a standard allows for intense collaboration between the parties, and 'ownership' of the standard by that community. It must be noted that the intellectual engagement is as important as the product. It is an intensive and lengthy process; after several iterations, the pilot standards are ready to be disseminated for broader public comment prior to approval.

The recent merger of the former directorates of standards development and national reviews into a composite Directorate of National Standards and Review is important to the future of standards development. The integration emphasises that, in advance of all future national reviews, a standard will be developed for the qualification under review as a crucial aspect of quality assurance.

4.5 Institutional Audits

4.5.1 Quality Enhancement Project

A document has been published entitled A Content Analysis of the Baseline Institutional Submissions for Phase 1 of the Quality Enhancement Project. The document contains an analysis of what institutions reported to be successful and unsuccessful activities in relation to the four focus areas of the QEP. Each focus area

section is preceded by a short introduction to global and local trends and issues related to the focus area. The document also contains an overview in which key issues arising from the analysis are highlighted. Individual institutional submissions have been uploaded to the CHE website, with permission from the DVCs involved.

A meeting of the QEP's DVC Forum was held on 21 April 2015. At that meeting the DVCs agreed to a submission date of 11 December 2015 for the final institutional reports for Phase 1 of the QEP. They also agreed on the format and content of this report. At the next meeting of the forum, to be held on 31 August, key issues arising from the QEP that should be actioned by the forum will be discussed. Four DVCs volunteered to work with the Director: Institutional Audits to create a document that will serve as a point of departure for the discussion.

On 28 May 2015, a workshop was held with members of the Institutional Audits Committee (IAC) and the facilitators of the QEP institutional workshops held in March. Given the inductive process followed in the QEP, this workshop provided a valuable opportunity to reflect on the QEP activities already undertaken and to consider possible future activities. In the course of the discussions, the need for greater student engagement with the QEP was identified. The IAC therefore requested the directorate to organise a student QEP workshop, as was done in 2014. This workshop has been scheduled for 21 August 2015.

In June 2015, two workshops were held on Assessment and Recognition of University Teachers, one from 1-2 June and the second from 4-5 June at the Protea Edward Hotel in Durban. These workshops comprised the first capacity-building activity of the QEP, one of the spin-offs of the QEP process. The workshops were facilitated by Dr Thomas Olsson, an experienced education development professional and engineering educator from Lund University in Sweden, who has worked at institutional and national levels on these issues. Invitations were sent to all deans of all faculties at all universities, as well as all directors of teaching and learning and members of the HELTASA Teaching Advancement at University steering committee. The workshops were attended by 65 deans or deputy deans, 37 directors or deputy directors of teaching and learning and 37 other participants. A forum on QEP focus area 1, Enhancing Academics as Teachers, was held on the day in between the two workshops, 3 June 2015. Participants from both workshops were invited to attend and a call for presentations was issued. The forum was attended by 112 people and comprised 10 presentations interspersed with time for discussion.

On 13 April, a meeting of the QEP Private Providers working group was held. It was agreed that two workshops of two days each will be held on QEP focus areas 2 and 3, one in Gauteng and one in Cape Town. The workshops will be hosted by private institutions on a cost recovery basis in August and September. Advance notice of the workshops has been sent to the 69 institutions that participated in the voluntary on-line QEP submissions. These workshops will mark the end of the QEP activities arranged specifically for private providers in phase 1, as the working group did not feel that focus area 4 is relevant for many private institutions.

4.5.2 Ongoing activities from the first cycle of institutional audits

A meeting of the IAC was held on 28 May 2015. The interim progress report from North-West University was discussed. Feedback will be provided to the institution and a date for the next report will be negotiated with them. The interim progress report from the University of Zululand was also discussed and was found to be unsatisfactory. Given the instability of the institution in terms of leadership, the IAC did not feel that the university was capable of addressing the HEQC's audit recommendations and therefore referred the matter to the HEQC. At its meeting of 10 June 2015, the HEQC concurred with the IAC that UniZulu is not in a position to make progress with respect to the audit recommendations, and there is no indication of when it might be able to do

so given its many problems. The HEQC therefore decided to terminate the audit process for UniZulu and to inform the DHET of its decision.

The IAC approved the request of Mangosuthu University of Technology to submit its progress report in September 2015 and of Walter Sisulu University to submit its progress report in September 2016.

4.5.3 Other

On 4 May, the Director participated in the steering committee meeting of the Teaching Advancement at University fellowship programme, a pilot project of HELTASA funded by a DHET collaborative Teaching Development Grant. The Senior Manager: Research has been invited to be one of the advisors to the participants on the programme.

On 11 May, the Director was invited to present a talk at a day-long workshop at the University of KwaZulu-Natal entitled *Placing the student at the centre of student support* in which she outlined an approach to integrating the work of academics, administrators and support staff in helping students succeed at different stages of the student life cycle. The workshop organiser obtained a university grant to use this approach as the basis for a college-wide initiative in the humanities.

On 14 May, the Director presented a talk on the QEP at the launch conference of Siyaphumelela, an initiative funded by the Kresge Foundation to improve institutional capacity to collect and use institutional data to undertake evidence-based practices to promote student success.

On 19 and 20 May, the IAD researcher attended workshops organised by the Centre for Learning, Teaching and Development at the University of the Witwatersrand and led by Professor Denise Chalmers from the Centre for the Advancement of Teaching and Learning at the University of Western Australia.

On 20 and 21 May, the IAD Senior Manager: Research attended the launch conference of the newly-created South African National Resource Centre for the First Year Experience and Students in Transition, which is housed at the University of Johannesburg and supported by a collaborative Teaching Development Grant.

On 10 June, the Director presented a talk on the QEP at the University of Johannesburg Quality Conference.

5. CORPORATE SERVICES

5.1 HUMAN RESOURCES

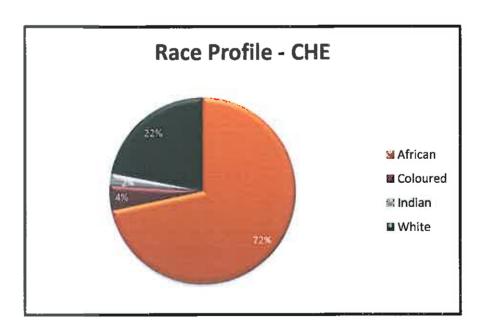

5.1.1 Employment Profile

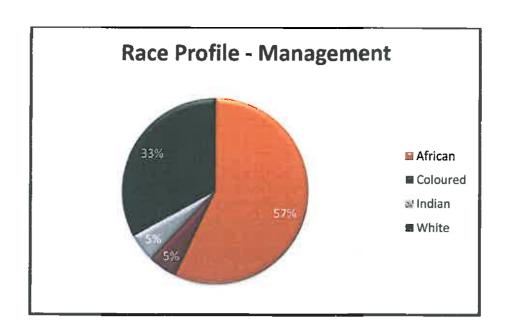

The quarter under review has seen minimal employment movement and of the 51 posts on the organisational structure, 46 are filled and 5 are vacant, which has remained the same as at the end of the last quarter. However, there has been one (1) appointment and one (1) resignation. There have been quite a number of interviews held during the quarter and the CHE should be in a position to fill at least three of the five vacancies by end of the next quarter. The second phase of recruiting the Chief Executive Officer commenced at the end May 2015 and was a robust and rigorous process which was completed by the middle of June 2015, for submission to the CHE Council meeting held on 25 June 2015. The Council through the Chairman, Professor Mosia, should be in a position to provide feedback on the final decision shortly. In the interim, Dr Denyse Webbstock continues fulfilling the role of Acting Chief Executive Officer until the process has been finalised. The table below depicts the employment profile as at 30 June 2015:

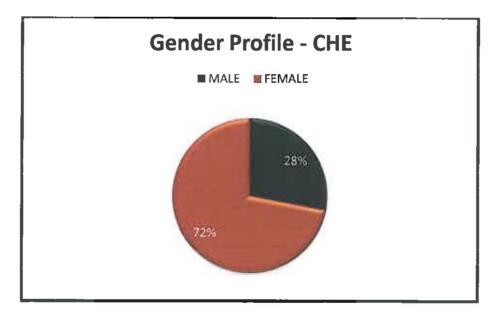

Salary Band	Number of employees employed at the beginning of the period 1 April 2015	Number of appointments made during April, May and June 2015	Number of terminations made during April May and June 2015	Number of employees e employed at the end of the period - 30 June 2015
Top Management	0	0	0	0
Senior Management	7	0	0	7
Professional qualified	14	0	0	14
Skilled	23	1	1	23
Unskilled	2	0	0	2
TOTAL	46	1	1	46

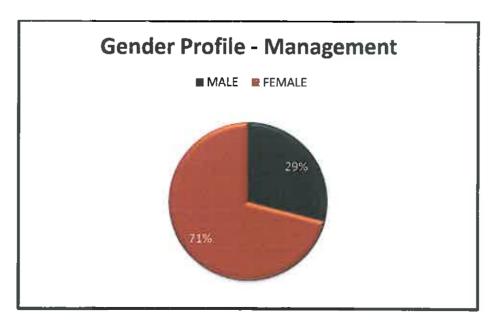

5.1.2 Employment Equity Profile

The overall profile in terms of race and gender is 72% African, 4% Coloured, 2% Indian, 22% White and 72% female and 28 % male. The profile at management level is 57% African, 5% Coloured, 5% Indian, 33% White and 29 % male and 71% female. The profiles have remained constant since the end of the financial year 2014/15 with a minor increase in White employees, which is in line with the CHE's employment equity plan.

5.1.3 CHE Employee Wellness Programme (Impilo Wellness)

The Wellness Committee approved the Wellness Plan for 2015 -16 at the beginning of June 2015. The comprehensive plan includes a number of interventions, and is aligned to the National Health calendar for 2015. A number of indicators will be used to monitor the impact of these interventions. The plan has been communicated to all staff.

5.1.4 Sick Leave Days and Costs

The annual quarterly average days taken as sick leave presented as an annual rate are 5.88. This is slightly higher than the previous quarter and can be attributed to the beginning of winter. The annual average sick leave days per employee are 5.88 at a cost of R104 964.60. This is still lower than the national normative rates that range from 6.15 and 8.5 for organisations employing less than 50 and more than 50 employees, respectively.

5.1.5 Staff Training and Development

There has been little training conducted for the quarter under review. Three (3) employees were trained in total. All employees' Individual Learning plans have been submitted to Human Resources and are currently being consolidated into the Annual Training Plan for 2015/16 for approval at the end of July 2015. Training and development activities conducted during the quarter are reflected in the graph below:

Directorate/ Business Unit	Personnel Expenditure (R'000)	Training Expenditure (R'000)	Training Expenditure as a % of personnel Cost	Number of employees trained	Average training cost per employee
Administration	2497	37	1%	2	19
Monitoring and Evaluation	968	0	0%	0	0
Programme Accreditation	1410	0	0%	0	0
National Reviews and Standards Development.	745	0	0%	0	0
Institutional Audits	818	4	0%	1	4
TOTAL	6438	41	1%	3	23

5.1.6 Labour Relations

The labour relations environment is fairly stable with no disruptions to the CHE operations. As reported in the previous quarter, the CHE was awaiting the outcome of an Arbitration Hearing concluded on 31 March 2015 at the CCMA. The outcome of the Arbitration Hearing was received on 17 April 2015 and the CCMA found that the dismissal of the employee was **substantively fair** as the employee had indeed transgressed and therefore reinstatement was ruled out. It was, however, also found to be **procedurally unfair** – due to the employer's refusal to postpone the initial in-house disciplinary hearing. Given the employee's long service and the fact that this was the employee's first offence, relief in the form of five month's salary was sought. In an attempt to avoid the lengthy and costly process of appealing the arbitration award through the Labour Court, the CHE decided to settle and subsequently finalised the matter.

5.2 FINANCE AND SUPPLY CHAIN

5.2.1 Tenders

No tenders were awarded in the first quarter.

5.2.2 Internal and External Audit

Audit and Risk Committee (ARC) meetings were held on the 21st April and 26th May 2015. The following documents were presented and recommended by the ARC for approval by Council: A fourth quarterly report inclusive of expenditure report and performance indicators; a revised materiality and significance framework inclusive of acceptable levels of materiality and significance; a revised audit and risk committee charter; a revised strategic risk register; an internal audit progress report; an internal audit proposed three-year and one- year work plan; a progress report on the implementation of the consolidated audit action plan as at 31 March 2015; a compliance report for the fourth quarter; the unaudited financial statements for the year 2014/2015 and performance indicators; the revised delegation of authority; and the Auditor General's Audit strategy for the year 2014/2015.

The Auditor General is currently busy with the audit process which will be finalised at the end of July 2015.

5.3 INFORMATION AND COMMUNICATION TECHNOLOGY (ICT)

The Department of Public Service and Administration in collaboration with the Government Information Technology Officer Council (GITOC) developed a Corporate Governance of ICT Policy Framework. An implementation guideline was also developed to support all departments/ public entities with the implementation of the framework over a three-year period. (2 Phases).

- (i) Phases 1 and 2 were planned to be implemented by entities by March 2014 and March 2015, respectively.
- (ii) A further requirement was that all entities would, beyond March 2015, include this in the Annual Performance Plan for 2015 to 2016 with a description and indication of how it will be monitored.

The CHE included 'Compliance with the Corporate Governance of ICT framework by the D.P.S.A' as its Strategic Objective 12.

GRAND TOTAL	47 847 000	12 361 302	26%	35 485 698

REASONS FOR OVER AND UNDER SPENDING PER DIRECTORATES

Note: Reasons for over and under spending will cover Directorates that are 3% below or above the spending threshold of 25%.

CEO'S OFFICE

The 7% underspending is mainly from the personnel costs as a result of funded vacant post of the CEO.

MONITORING AND EVALUATION

The 16% overspending is attributed to the once off payment of the annual SAQA database fee in the first Quarter.

Other Annual license subscription fees where also expensed in full. These costs are expected to be in line with the annual budget at the end of the year.

NATIONAL REVIEWS AND STANDARDS

The 7% underspending is attributed to the projects in Standards not ye implemented.

REASONS FOR OVER AND UNDER SPENDING

Note: An explanation for over and under spending will cover expenditure items that are 3% below or above the spending threshold of 25%.

The 18% is attributed by the lower spending on Standards conditional grants. 1 12% more income received is attributed by the fluctuation of the cash available in the 2 bank. The under and over spending on these items is because some of the projects were not completed at the end of last financial year and have been paid in the current year and some projects have not been started. 3-6 The 4% under spending is as a result of other projects that have not been implemented vet. 7 The 12% over spending is attributed by more travelling that incurred in the 1st 8 The 69% over spending relates to the once off payment on the SAQA Database 9 maintenance. The 25% under spending is due to no payment made to professional bodies in the 10 1st quarter. The 13% over spending is attributed by many workshops held in the first Quarter. 11 The 72% over spending is as a result of the orders made from last years budget but the delivery and usage thereof was only made in the current year. 12 The 25% under spending relates to no payment made on Honorarium in the 1st quarter. 13 The 40% over spending is attributed by more legal advise requested by CHE on various matters. 14 The 8% under spending is due less amounts paid in the 1st quarter againt the allocated budget. 15 The 6% under spending is as a result of receiving claims late from the affected 16 parties. The 4% over spending is due to the previous audit work paid in the current year. 17 The 25% under spending is attributed by no work done in the 1st quarter. 18 The 111% over spending relates to once off payment on annual licence fees and also under budgeting for this item. 19 The 11% under spending is due to less purchase on this item in the 1st quarter. 20 The 18% under spending relates to required purchases not needed in the 1st quarter. 21 The 29% over spending is attributed by the restructuring of office space in the 1st 22 quarter. The 22% under spending is due to required purchases not needed in the 1st quarter. 23

COMPLIANCE CHECKLIST FOR THE PUBLIC FINANCE MANAGEMENT ACT, 1999, AS AMENDED (PFMA)

CHAPTER SIX: PUBLIC ENTITIES

Section	Question	Yes	No	Remarks
49(1)	Every public entity must have an authority which must be accountable for the purposes of this Act.	✓		
	Does the public entity have an accounting authority?			
49(2)	If the public entity— (a) has a board or other controlling body, that board or controlling body is the accounting authority for that entity; or (b) does not have a controlling body, the chief executive officer or the other person in charge of the public entity is the accounting authority for that public entity unless specific legislation applicable to that public entity designates 10 another person as the accounting authority.			
	Does the status of the person or body appointed as accounting authority for the public entity comply with the stipulations of section 49(2)?			:
49(5)	A public entity must inform the Auditor-General promptly and in writing of any approval or instruction in terms of subsection (3) and any withdrawal of an approval or instruction in terms of subsection (4).	√		
	Did the public entity inform the Auditor-General promptly and in writing of any approval or instruction in terms of section 49(3) and any withdrawal of an approval or instruction in terms of section 49(4)?			
49(3)	The Treasury, in exceptional circumstances, may approve or instruct that another functionary of a public entity must be the accounting authority for that public entity.	7		
	Did the public entity comply with an approval or instruction, by the relevant treasury, in terms of section 49(3)?			
49 (4)	The Treasury may at any time withdraw an approval or instruction in terms of subsection (3).		1	Not applicable.
	Did the public entity comply with the withdrawal of an approval or instruction in terms of section 49(3)?			
50(1)	(1) The accounting authority for a public entity must—	√		
	(a) exercise the duty of utmost care to ensure reasonable protection of the assets and records of the public entity; (b) act with fidelity, honesty, integrity and in the best interests of the public entity in managing the financial affairs of the public entity; (c) on request, disclose to the executive authority responsible for that public entity or the legislature to which the public entity is accountable, all material facts, including those reasonably discoverable, which in my way may influence the decisions or actions of the executive authority or that legislature; and (d) seek, within the sphere of influence of that accounting authority, to prevent any prejudice to the financial interests of the state.			
	Did the accounting authority comply with the fiduciary duties stipulated in section 50 (1)?
